

**European Guideline on Obesity care in patients with gastrointestinal and liver diseases
– joint ESPEN / UEG guideline
Invitation to the online voting**

Dear UEG members,

the **online voting** (DELPHI round) where we have to decide about the recommendations of the ‘European Guideline on Obesity care in patients with gastrointestinal and liver diseases – joint ESPEN / UEG guideline’ has been extended until 31st October 2021.

Please take your chance and participate in the voting, a high participation rate is an important quality factor of the guidelines.

Kind regards,

Stephan C. Bischoff
ESPEN Guideline Officer and Working Group Leader

Technical/organizational instructions

*For receiving login data for the voting, please send a short email to **guidelines-office[at]espen[dot]org**.*

Once you are logged in, you find the online voting on the following website https://www.guideline-services.com/leitlinien/ESPEN_CN_U_2021/aktuelles/newsandeventsfolder/befragung/xx_questionnaires/ESPEN_CN_U_2021_f023_quest All comments will be taken into consideration benevolently; however, we cannot give the guarantee that all your comments will be included because the working group will be in charge of the final text. Participation in the online voting does not include co-authorship either. The objects of the voting are only the recommendations themselves, not the provisional supporting commentaries which are also presented on the website. They only serve as background information.

For technical reasons, we can only guarantee that you receive your login data in time if you send your request latest by 27th October 2021.
