April 15, 2020

Dear colleagues and friends,

The COVID-19 pandemic has dramatically changed the way we work and has changed life as we know it. We are aware that time is a rare commodity these days but UEG wants to reach out to you and learn about your current circumstances. To help us determine the impact of the COVID-19 pandemic on GI practice and its allied health professions, please fill out this [short, 5-10-minute questionnaire on SurveyMonkey](#).

We invite all GI practitioners and allied health professionals in hospitals or private practices to take part. The data collected via this questionnaire is anonymous. The aim is to publish the results in a peer-reviewed, open-access Gastroenterology journal.

This survey is an initiative of UEG Council, Young Talent Group, National Societies Committee, and Research Committee.

Take care!

Best wishes,

*Axel Dignass, President*

*Henriette Heinrich, Chair Young Talent Group*

*Dan Dumitrascu, Chair National Societies Committee*

*Luigi Ricciardiello, Chair Research Committee*
